TOUR MAIN FEATURES

LAKE MAGGIORE

Benvenuti in Italia, welcome to Lake Maggiore!

It has the magnificent vintage air of old-fashioned vacations but never goes out of style. Lake Maggiore is the second largest in Italy in size (the biggest is Lake Garda) but the largest—that's why it's called Maggiore—of the lakes closest to the Alps. Geographically, it straddles two Italian regions, Lombardy and Piedmont, and a small part juts into Switzerland's Canton Ticino.

Since the 19th century, Lake Maggiore has been a top vacation and weekend destination for wealthy families from big cities, who built some of Northern Italy's most stunning villas on its shores. The secret of Lake Maggiore's success is its position just under Mount Rosa, a varied landscape, easy accessibility from Milan and Piedmont, and a climate allowing distinctive vegetation to thrive. The blossoming of azaleas, rhododendrons, camellias, lemons and magnolias in spring rightfully attract plant lovers.

The jewels of the lake are the **Borromeo Islands**: anyone who has seen a postcard of Lake Maggiore is familiar with their outline. The archipelago is one of the biggest attractions for travellers, and Isola Bella, Isola Madre and Isola dei Pescatori have plenty of charm. The archipelago is named after the Borromeo family, which acquired the islands in the 14th century and still owns two. The noble palaces on the islands, with their rooms filled with antique furniture, paintings and priceless porcelain, and the enchanting gardens are open to visitors and are a must on your list of things to see.

LAKE COMO

The magnificent scenery of Lake Como (also known as "Lario") has enchanted artists and travellers for centuries: from French novelist Flaubert to musicians of the calibre of Gioacchino Rossini, Giuseppe Verdi, and Vincenzo Bellini; it was here that he composed his opera Norma. Today, Lake Como continues to attract members of the international jet-set and celebrities who appreciate the Lake's evocative beauty and surroundings.

The Lake (one of Lombardy's several incomparable lakes) is of a characteristic upside-down Y-form. The town of **Como** is situated on its southwestern arm, **Lecco** on the southeastern arm, and **Colico** on that northern. From the Lake's shores, one can enjoy multiple fascinating views: suggestive "Borghi", splendid villas and lush gardens await visitors searching for charm and relaxation or a little culture and contact with nature.

Breathtaking villas, one after the other, encircle the lake, a resort destination of the nobles of Lombardy since the 16th century. **Cernobbio** is the site of Villa d'Este (1600s), the location of Alfred Hitchcock's celebrated film "The Pleasure Garden", and of Villa Erba, one of the most important Italian lake villas

from the 1800s - today, it is an internationally-known convention and expository complex. You will not miss Villa

Balbianello in the nearby Lenno, where “Star Wars: Episode II” and James Bond’s “Casino Royale” were shot. You’ll be amazed by its gardens, which are the perfect scenery for movie lovers.

Along the coast is **Tremezzo**, famous for its Villa Carlotta, with terrace gardens and a museum boasting works by Canova, Thorvaldsen, and Hayez. It was built in the 17th century for a powerful Milanese family. In the second half of the 19th century, Princess Marianne of Nassau bought the villa and gave it to her daughter Carlotta as a wedding present, hence the name. Her husband was a keen botanist and, over the years, turned it into the lush garden we see today.

Where the Lake’s three arms meet, you will visit **Bellagio** and Villa Melzi. The Villa, built in 1808, is much sought-after for its botanical park, with sculptures and a garden renowned for its beautiful azaleas and rhododendrons.

PARMA

Your next destination is called “The Capital of Food”, and this is a well-deserved denomination, as Parma is known worldwide for its delicious food products.

Parma is known for its delicious food products. First, you will visit a **Parmigiano Reggiano** factory, where you will see cheese masters at work: an extraordinary way to get into the area’s production culture and discover how a true gastronomic gem is made (more about Parmesan cheese in our [BLOG](#)).

Later on, visit a **Parma ham** factory, where you will learn the secrets of the most delicious ham, Prosciutto di Parma (to know more about raw ham in Italy, read the [article](#) in our **BLOG**).

And finally, you may savour authentic Italian cuisine in a fun-filled cooking class led by a local “**rezdora**” (a female cook in the Parmesan language). Immerse yourself into the tradition of fresh Italian pasta and study the secrets of preparing pasta dough from scratch, using just flour and eggs. You will make your own “*Tortelli d’erbetta*” (Parma’s most traditional pasta with a filling of ricotta cheese and chards) and delicious *tagliatelle* with tomato sauce – all local ingredients! Once your fantastic meal is ready, you will enjoy what you prepared, matched with a glass of local Lambrusco wine. A very tasty experience at the end of an unforgettable day!

MODENA AND THE MOTOR VALLEY

Modena is renowned worldwide for the famous people - Enzo Ferrari and Luciano Pavarotti above all - who were born and lived here, and for some of its gastronomical products. The city is the capital of the so-called “Motor Valley”: actually, the factories of the famous Italian sports car makers Ferrari, De Tomaso, Lamborghini and Maserati are located here.

The city of Modena hosts little jewels of art, such as the Romanesque Cathedral, which was built with white marble and is located in the heart of Modena, in **Piazza Grande**. The Piazza with the Cathedral and the Ghirlandina Tower is one of the 48 Italian sites on the UNESCO World Heritage List. The **Ghirlandina**, the bell tower rising majestically over the rooftops, derives from its marble balustrades around the steeple, suggesting the lightness of garlands.

In Maranello, you may visit **Museo Ferrari**, not just a collection of the past but an extraordinary

experience of the world of Ferrari and sports car racing! How exciting to see the most beautiful cars in the world, exceptional artworks made by modern mechanic artisan masters.

Afterwards, you will move to the estate of a **Balsamic Vinegar of Modena** Producer to delight in the unique, enticing taste of traditional balsamic vinegar. Balsamic Vinegar of Modena is obtained from partially fermented, cooked and concentrated grape must. The grapes come exclusively from the area's vines, and the most critical processing phase is refinement inside containers of fine wood, such as oak, chestnut, oak, mulberry and juniper. Want to know more about this unique delicacy? Read the [article](#) in our **BLOG**.

CHIANTI

Only a few regions can offer such a beautiful and rich panorama as Chianti: green hills sketched by miles and miles of vineyards and olive groves, ancient walled villages, and panoramic curvy roads. Chianti Classico spreads from Florence to Siena and includes the municipalities of **Greve, Panzano, Radda, Gaiole and Castellina**. Most of the route consists of roads connecting larger towns to villages and castles, like the one leading to **Radda**, the former headquarters of the Chianti Military League, and then to **Castello di Brolio** where Bettino Ricasoli devised the “recipe” for Chianti wine.

VAL D'ORCIA

Val d'Orcia is one of the most fascinating places in Italy, included by UNESCO in the list of World Heritage Sites. Its landscape is a part of the agricultural hinterland of Siena, redrawn and developed when it was integrated into the city-state's territory in the 14th and 15th centuries to reflect an idealized model of good governance and create an aesthetically pleasing picture. The landscape's distinctive aesthetics, flat chalk plains with almost conical hills and fortified settlements on top, inspired many artists. Their images have come to exemplify the beauty of well-managed Renaissance agricultural landscapes.

In **Montepulciano**, our friend Francesca will lead you to discover this beautiful town full of stories, legends and thousand flavours, introducing you to the excellent products of this unique land: *olive oil, pecorino cheese and Vino Nobile di Montepulciano*.

Then, you will get to **Montalcino**, one of the prettiest hill towns in Tuscany. Around the village, rows of olive trees, precious grapevines and yellow fields create an enchanting landscape. Here, you may visit a *Brunello* winery to taste the most famous *Supertuscan* wine, probably the best Italian red!

ASSISI

Assisi is the birthplace of Francis, the nobleman who renounced all his possessions to devote his life to helping the needy and became the most acclaimed Saint of the Catholic Church.

The splendid **Basilica**, one of the emblems of Christianity, located on Mount Subasio and overlooking the entire valley, is dedicated to him. Apart from being a strong appeal to millions of religious believers, the Basilica is a monument of great artistic value. The construction of the Basilica began two years after his death, in 1228, and between the end of the 13th and the beginning of the 14th century, the Basilica's walls were frescoed by the best artists of that time: Giotto, Cimabue, Simone Martini and Pietro Lorenzetti. St. Francis' Basilica consists of two churches laid upon each other and a crypt containing the tomb of the Saint. The Lower Basilica presents a simple facade with a double front portal embellished with a rose window and a mosaic. The interior is decorated with frescoes by some of the most important painters from 1200 to 1300, from Cimabue to Giotto, from the Lorenzettis to Simone Martini.

In the **Upper Basilica**, you will admire the frescoes of the life of St. Francis, painted by Giotto, the Old and New Testament stories covering the entire nave, and other beautiful frescoes by Cimabue and Torriti.

Another figure who profoundly influenced these places is Saint Clare, to whom the homonymous

places is Saint Clare, to whom the homonymous

Basilica -with a facade made of white and pink stone and divided into three sections by horizontal cornices - is dedicated. The interior frescoes and the remains of the Saint are visible through a window in the crypt.

Try to enjoy the mystical atmosphere of Assisi:

"Be praised, my Lord, through our sister Mother Earth,

Who feeds us and rules us,

And produces various fruits with coloured flowers and herbs."

(St. Francis, Prayer of the Canticle of the Creatures)

UMBRIA

Umbria is the greenest region of Italy, and its citizens are famous for their hospitality. This morning, our first stop will be **Spoletto**, a medieval hill town in the Umbria region, famous for its summer music festival, "Festival dei Due Mondi". Thick walls and a magnificent gorge surround the city, and fine medieval and Roman monuments sit along the streets. The Duomo is one of Spoleto's most pleasing sights: dating back to the 12th century, the Cathedral is set against a backdrop of hills and valleys. The Rocca is high above the town, a Papal fortress used as a prison until the 1980s. Ponte delle Torri, a massive bridge built in the 14th century, functioned as a bridge and aqueduct; we can walk on it for breathtaking views of the valley and gorge below.

We will have lunch in Spoleto; you can try a typical Spoleto food, “*torta al testo*” (bread prepared with water, flour, salt, pepper, and olive oil and cooked on a particular marble stone in a wood-burning oven); it is sometimes stuffed with ham, sausage, or simply with herbs prepared in olive oil.

Then, you’ll head for **Deruta**, famous for its splendid, brightly coloured maiolica. The production of ceramics in Deruta goes back to the 13th century. In those times, small “bottegas” produced objects of everyday use: jugs, bowls, and basins. Maiolica reached its apex in the 16th century, with artists making various motifs, such as mythological figures, battles and religious scenes.

ORVIETO AND CIVITA

Orvieto in Umbria is perhaps the most beautiful hill town in Italy, perched up on a volcanic rock, its history dating back to the Etruscans.

Although just an hour from Rome, the architecture is different, with many of the buildings constructed out of “tufo”, a volcanic rock. Orvieto’s main attraction is its 14th-century **Cathedral** – a masterpiece of Gothic architecture with a glistening façade of stained glass, mosaics and sculptures. Another attraction is **St. Patrick’s Well**, a 62-meter-deep (203 feet) feat of engineering characterized by two spiral staircases that wind around the well (yet never meet), with 248 steps down to the water. A pleasant guided tour along a straightforward route makes it possible to know

Orvieto’s underground world, created by its ancient inhabitants over about 2,500 years of uninterrupted digging. A tour at the discovery of a millenary, surprising and unexpected “Underground City”, you will surely enjoy it!

At lunch, don’t miss “*salumi di cinghiale o cervo*” (boar or deer sausage) and *pecorino cheese* and taste the region's prized white *truffle oil* together with the delicious white wine of the area, *Orvieto Classico*!

Civita di Bagnoregio, the spectacular “borgo” slowly sliding towards the valley, is also known as the “Dying City”. The town is famous for its unique position atop a plateau of friable volcanic tuff overlooking the Tiber river valley. It is in constant danger of destruction as the edges of the plateau collapse due to erosion, leaving the buildings to crumble as their underlying support falls away.

TIVOLI

Discover one of Italy’s hidden gems! Here is Tivoli, a small town about 30 Km east of Rome, boasting 2 of the most spectacular sites in Italy, **Emperor Hadrian's Villa and Villa d'Este**.

Emperor Hadrian built his villa to escape the crowd and turmoil of the capital. Much of the enormous, luxurious ancient villa remains intact today. You will be surprised by the innovative application of Renaissance plumbing in the fountains and waterworks, perfectly integrated with the landscape.

The other masterpiece in the area is Villa d’Este, the fantastic Villa commissioned by Cardinal Ippolito of the Este family around 1560. Among the masterpieces of the Italian

Renaissance that most inspired landscape architects and painters, it is an ideal reinterpretation - in a sumptuous way - of the hanging Eden of Babylon. The prestigious residence is surrounded by terraces, stairways, and avenues set on each other. It is decorated with water games so audacious as to reveal considerable engineering skills. The monument was elected the most beautiful park in Europe and UNESCO Heritage with the motivation: "one of the first gardens of wonders, which from the beginning had a decisive influence on the development of European landscape painting ».

The tour is over, but the memories of a fantastic journey will accompany you for a lifetime!
